

# **Appendix B. Early Action Review Processes and Plan or Project Review Application**

## **B.1 Early Action Review Processes**

Possible early actions should be considered under the framework of the adopted Interim Plan.

Priority for consideration should be given to early actions identified in SBX7 1 Part 2. "Early Actions" in Water Code sections 85080 through 85087 could be considered in September 2010.

Other possible early actions, including those recommended through public comments, should be screened against the legislative history criteria of urgency stated above. Those satisfying this screen could be considered in October and November 2010. Proposals received after November 1, 2010, may not be considered as "early actions." Additional early actions will be considered throughout the period of the Delta Plan preparation, at the discretion of the Council.

The Council should establish a two-member "early actions" committee to review identified possible early actions and make recommendations to the full Council (under Wat. Code § 85210(k)).

The Council committee should review possible early actions as identified and on the schedule in its work plan.

The early actions committee should consider possible early actions in public meetings, and should develop an agenda with designated time limits to ensure completing the reviews in the time allotted.

To promote efficient review of potential early actions, project proponents are strongly encouraged to complete the "Plan or project review application" (adopted by the council August 2010) and submit it to the council staff no less than thirty days (30) days before the committee meeting at which the item is scheduled, except that potential early actions scheduled for consideration in September 2010 may submit these materials no less twenty (20) days before the committee meeting at which the item is scheduled. If an application is deemed incomplete, the item will be removed from the agenda and may be rescheduled at the discretion of the council committee.

To promote efficient review of potential early actions, project proponents are strongly encouraged to submit materials electronically and also to deliver ten (10) hard copies to the Council offices. Applications and related materials will be posted to the Council website.

Public comments on the application will be invited, with a deadline of ten (10) days before the scheduled committee hearing, and those comments will be posted to the Council website.

Each application would be reviewed by Council staff or consultants, and a brief cover memo prepared identifying issues of particular relevance.

Each application should be reviewed by the Delta Science Program staff to identify the adequacy of scientific information available to support a committee recommendation and Council action using the standard of "best available science" required in statute and specified in the Interim Plan. If they judge the available scientific information inadequate, they may make a recommendation for any needed

1 additional scientific information. The committee would consider the Delta Science Program staff  
2 comments in making its recommendation to the full Council.

3 The committee could make one of the following recommendations on possible early actions, conveying  
4 its recommendation to the full Council in a brief report:

5 **No action at this time** (because \_\_\_\_\_)

6 **Additional information is needed** (and the item is rescheduled for \_\_\_\_\_, possibly not as an “early  
7 action”)

8 **Recommend the Council provide a positive recommendation (citing policy objectives advanced**  
9 \_\_\_\_\_)

10 **Recommend the Council provide a negative recommendation (citing policy objectives harmed or in**  
11 **conflict** \_\_\_\_\_)

12 **Recommend modifications to proposal as follows** (\_\_\_\_\_)

13 **Refer for consideration under the Delta Plan** (\_\_\_\_\_)

## B.2. Application Form for Consideration of a Plan or Project

The Delta Reform Act creates the Delta Stewardship Council (Council) as an independent agency of the state (Wat. Code §85200). SBX7 1 (effective February 3, 2010) gives the Council several responsibilities, many linked to a comprehensive “Delta Plan,” which the Council is charged to develop, adopt, and commence implementation of by January 1, 2012. The Council is also charged with developing an Interim Plan “...that includes recommendations for early actions, projects, and programs” (Wat. Code § 85084). The Council has set August 27, 2010, as the date for adoption of the Interim Plan. The Council uses the framework established in the Interim Plan to make recommendations based on its responsibilities under SBX7 1. After the Delta Plan is adopted, the Council decisions will become determinative.

\_\_\_\_\_

**Identify any public agencies (federal, state and local) whose actions or decisions are essential for the proposed action to succeed. Provide evidence of their approval and support of the proposed action:**

\_\_\_\_\_  
\_\_\_\_\_

**If real property must be acquired or use altered for the success of the proposed action, identify the owners of that property and information on how ownership or use change will occur:**

\_\_\_\_\_  
\_\_\_\_\_

**Provide a time line for the proposed plan or project, including major milestones through completion:**

\_\_\_\_\_  
\_\_\_\_\_

**Describe how success or failure of the plan or project will be determined, including measures proposed, time frame and public agency responsible for judging success:**

\_\_\_\_\_  
\_\_\_\_\_

**Describe the major benefits that can result from the proposed plan or project, including identification of beneficiaries and any information on the magnitude and timing of benefits received:**

\_\_\_\_\_  
\_\_\_\_\_

**If the proposed plan or project fails, what is done? What additional costs could be incurred and how will they be financed? Identify any lasting effects or changed options for future policy making:**

\_\_\_\_\_  
\_\_\_\_\_

1

2 **6. Scientific justification (to address requirement for Council**  
3 **use of best available science, Water Code section 85302(g)):**

4 **Attach description of scientific justification for the proposed plan or project and provide any pertinent**  
5 **documents. Address the criteria identified in Section 3 when preparing the scientific justification.**  
6 **Provide complete list of all scientific references cited.**

7

8 **7. Applicant certifications and authorizations**

9 I certify that all of the information submitted is complete and accurate to the best of my knowledge and  
10 that all attached exhibits are full, complete and correct. I certify that I understand that omitted or  
11 insufficient information can delay consideration of this application. I certify that this application is not  
12 complete until accepted by the Council at a regularly scheduled meeting. I authorize the Council, its staff  
13 or other authorized personnel to share this information publicly and authorize their collection of  
14 additional information relevant to this application.
